

**Introduction:**

LEA: Garden Grove Unified School District   Contact: Gabriela Mafi, Ed.D., Superintendent, gmafi@ggusd.us, (714) 663-6111   LCAP Year: 2015-16

## ***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## ***State Priorities***

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

### **A. Conditions of Learning:**

**Basic:** degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

**Implementation of State Standards:** implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

**Course access:** pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

**Expelled pupils (for county offices of education only):** coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

**Foster youth (for county offices of education only):** coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

### **B. Pupil Outcomes:**

**Pupil achievement:** performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

**Other pupil outcomes:** pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

**C. Engagement:**

**Parental involvement:** efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

**Pupil engagement:** school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

**School climate:** pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

### **Section 1: Stakeholder Engagement**

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

**Guiding Questions:**

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community

organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>The Garden Grove Unified School District (GGUSD) has coordinated a comprehensive process of stakeholder engagement around the development of the district's Local Control and Accountability Plan (LCAP). As specified in Education Code (EC) section 52062, GGUSD has involved parents, community members, students (pupils), local bargaining units (Garden Grove Educators' Association (GGEA), California School Employees Association (CSEA), Supervisory Unit, Garden Grove Pupil Personnel Services Association (GGPPSA), and Garden Grove School Administrators Association (GGSAA)), other school personnel, and other stakeholders invested in the success of our students. The superintendent organized and delivered a series of presentations to generate feedback. Each meeting called for a collaborative approach to student education, emphasizing the need for all stakeholders to be engaged in the LCAP process. Data relevant to the district goals were shared, and time was provided for group discussion, which was focused on generating stakeholders' ideas related to what they viewed as keys to student success. Data used to determine goals included trends from state academic assessments, Academic Performance Index (API), district benchmarks and early reading literacy, a-g subject requirements, Advanced Placement rates, California Healthy Kids Survey data, and results from the 2013-14 Strategic Plan survey. Different metrics were shared with stakeholder groups across a variety of settings. Data was also shared with the School Board, and made available to the public. A link to the district's</p>	<p>Stakeholders were provided multiple opportunities to provide input into the LCAP. Initial discussions with staff, parent/community, and student focus groups generated ideas around district priorities and needed improvements. This initial feedback was used to develop surveys for each of the stakeholder groups to ensure broad participation. Follow-up meetings with stakeholders were organized to elicit further input, which could be submitted either in writing or through an online form.</p> <p>GGSUSD stakeholders agreed to frame the development of the LCAP around the goals of our Strategic Plan, which support our new district mission and vision:</p> <p><b><u>Our Shared Vision:</u></b> We are committed to preparing all students to be successful and responsible citizens who contribute and thrive in a diverse society.</p> <p><b><u>Our Shared Mission:</u></b> To ensure student success, we will provide a rigorous and supportive academic experience that motivates all learners to meet high expectations.</p>

<b>Involvement Process</b>	<b>Impact on LCAP</b>
<p><b>LCAP Data Portrait</b> is made available to the public on our district's webpage, from the LCFF/LCAP button. The GGUSD Strategic Plan (known as The Garden Grove Way) and the GGUSD LCAP are presented and discussed together at each of the stakeholder sessions. The GGUSD Strategic Plan serves as foundation of the LCAP goals. The GGUSD LCAP will meet the Eight State Priorities, as aligned with the GGUSD Strategic Plan, and improve or increase services for educationally disadvantaged youth.</p> <p><b>Student Involvement</b> The Superintendent (or designee) met with student leaders of the Board Representative Committee (BRC) throughout the school year to discuss the GGUSD Strategic Plan and LCAP. A special Strategic Plan and LCAP Student Summit was convened on March 7, 2015. All student subgroups, including targeted unduplicated pupils, were represented within the student engagement process. The foster youth liaison supported targeted outreach to invite foster youth to participate in the process. In addition, the process engaged students who have participated in a continuation school, special education, English learner, and gifted programs, as well as students who have not been involved in any special programs.</p> <p><b>Parent/Community Involvement</b> Parents and community members were provided multiple ways to engage in the process of developing the LCAP. Meetings were hosted on October 9, 2014, February 9, 2015, March 16, 2015, and May 14, 2015. Members of the District Parent Task Force, District English Learner Advisory Committee (DELAC) and District PTA Council attended as parent leaders. Parents representative of unduplicated pupils were provided the opportunity to participate, and included participation of the foster youth liaison, as well as parents of low income pupils, English learners, and students with disabilities.</p> <p><b>Local Bargaining Units/School Personnel</b> In August 2014, the Superintendent held a keynote session to discuss the Strategic Plan and goals. Representatives from all bargaining groups (GGEA, CSEA, Supervisory Unit, GGPPSA, and GGSAA) met on February 2 and February 5, 2015 to review the status of the Strategic Plan and to support the development of a districtwide survey for staff, parents, and students, in order to collect feedback from stakeholders around district goals. Bargaining groups also participated in a review of the LCAP during the months of April and May 2015. Site administrators received monthly updates from the Superintendent to support effective communication around the Strategic Plan goals, progress, and actions/services described in the plan. An Administrator Advisory Group was created to support the process and development of surveys.</p>	<p><b>GOAL 1:</b> All learners will develop the <u>ACADEMIC SKILLS</u> necessary for continual individual growth towards mastery of standards.</p> <p><b>1A: Academic Content</b> <b>1B: Academic English</b> <b>1C: Scholarly Habits</b></p> <p><b>GOAL 2:</b> All learners will develop the <u>PERSONAL SKILLS</u> necessary to achieve academic and personal goals.</p> <p><b>2A: Motivation</b> <b>2B: Socioemotional Well-being</b> <b>2C: Climate</b></p> <p><b>GOAL 3:</b> All learners will be prepared for <u>LIFELONG SUCCESS</u> in their intended career paths.</p> <p><b>3A: College &amp; Career Readiness</b> <b>3B: College &amp; Career Success</b></p> <p>The eight goals of the Strategic Plan (1A, 1B, 1C, 2A, 2B, 2C, 3A, and 3B) are the foundation of the LCAP Goals. Stakeholders supported the development of the metrics and actions/services described within the LCAP. Discussions from meetings, notes, and survey information were taken into consideration in the development of this plan.</p>

Involvement Process	Impact on LCAP
<b>Annual Update:</b>	<b>Annual Update:</b>
<p>In a review of the 2014-15 LCAP goals, metrics, and actions/services, GGUSD will maintain alignment to the Strategic Plan and continue with the same goals. The metrics included in the LCAP include all of the indicators required by the state, as well as indicators selected by stakeholder groups. Stakeholders were engaged in the process of developing our Strategic Plan goals during the 2013-14 school year. As determined by our continuing process of stakeholder engagement, there is broad support for maintaining these goals moving forward. The reason these goals continue to serve as the foundation of the LCAP is because these goals recognize the importance of all stakeholders involved in the education process. The goals also recognize that students need both academic and personal skills as we prepare students for college/career and ultimately, lifelong success. In order to achieve these goals, students, parents and staff (both certificated and classified) are all important partners in supporting student growth and achievement.</p>	<p>Two themes consistent across all stakeholder groups were the requests to increase communication and to broaden participation in the process of stakeholder engagement. GGUSD audited current communication protocols, and implemented new communication support structures, such as a weekly bulletin for school sites, and quarterly district video messages entitled, <i>The Garden Grove Way</i> for internal stakeholders. The next phase of the video project will include the development of videos for external audiences. In order to engage broad participation of all stakeholders in the LCAP process, GGUSD developed a districtwide survey for students, parents, and staff. The development of this survey included consultation with researchers from the Gardner Center of Stanford University, who provided expert advice in the selection of items from research-validated constructs related to specific goals we intend to measure from the Strategic Plan. The survey will provide qualitative data necessary to understand progress toward certain goals, which were identified as metrics in the 2014-15 LCAP. Stakeholder engagement during the 2014-15 school year included the process of input into the development of these surveys. Surveys were administered in April and May 2015. Themes from the data collection will be used to inform LCAP updates for the current and future years.</p>
<b>Students</b>	Stakeholder feedback from student groups included a discussion around areas of motivation, classroom environment, socio-emotional wellbeing, school climate, electives, school connectedness and extracurricular activities, opportunities for student interaction, tutoring, mentoring, school pride, bullying, great counselors and teachers, athletics, food quality, scholarly habits, being prepared for the real world, class size, and facilities modernization.
<b>Parent/Community Involvement</b>	Stakeholder feedback from parent groups included a discussion for further development needed in the areas of interpretation/ translation at school sites, bilingual personnel, welcoming school climate, special education support, help for parents on how to support their children at home, school counseling/ psychology/ mental health, discipline, technology, motivation, extended learning, parent education offerings, and support for English learners. The group also requested additional consideration for nutrition and educating

Involvement Process	Impact on LCAP
<p><b>Local Bargaining Units/School Personnel</b>  Meetings were held to review the current status of Strategic Plan and LCAP implementation. The 2014-15 LCAP was reviewed and representatives and leaders from the bargaining units of the Garden Grove Teachers' Association, California School Employees Association, Supervisory Unit, Garden Grove Pupil Personnel Services Association, and Garden Grove School Administrators Association contributed to the LCAP process.</p>	<p>parents about healthy lifestyles.</p> <p>Stakeholder feedback from bargaining units included a discussion for further development needed in the areas of elective/CTE offerings, strategies for student motivation, socio-emotional well-being, bullying, positive climate, bilingual support, Positive Behavior Intervention and Support system, conference attendance, increased instructional support (aides), TOSA time, extended learning, enrichment programs, and counseling/mental health. The group also requested consideration for additional programs not currently in place, as well as additional funding for actions/services that were included in the initial 2014-15 LCAP.</p>

## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil

- engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
  - 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
  - 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
  - 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
  - 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
  - 9) What information was considered/reviewed for individual schoolsites?
  - 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
  - 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
  - 12) How do these actions/services link to identified goals and expected measurable outcomes?
  - 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL:	<b>GOAL 1A. ACADEMIC CONTENT</b> Students will demonstrate continued growth in all content areas, with an emphasis on critical thinking and problem-solving.		Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 <input type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 <input checked="" type="checkbox"/> COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/> Local : Specify _____	
Identified Need :	GOAL 1A. ACADEMIC CONTENT will be measured annually. Data will be disaggregated to review student achievement, student progress made towards closing gaps, and to plan supplemental programs to target areas of need. Content areas include: English Language Arts (ELA), math, science, history/social science, and electives (including world languages, visual and performing arts, physical education, and career education (ROP/CTE), etc). <b>Metrics include:</b> <ol style="list-style-type: none"> <li>1. **Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.**

## **Annual Update**

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

**Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.**

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p> <p>For Goal 1A, GGUSD will combine certain actions/services related to budget expenditures for staffing. Costs for site-level and centralized district-level personnel continue to be listed as separate expenditures for purpose of LCAP reporting. Staffing related specific goals within the LCAP are detailed elsewhere within the plan and not represented in this goal area. GGUSD will review the expected outcome measure of GPA and D/F rate, district benchmarks, CAASP, and API at the end of 2015-16. Site budgets received an increase in funds, both of base funds and targeted supplemental/concentration funds. Sites completed a "Site-LCFF Plan" per district guidelines to document intended expenditures and obtained approvals for increased/improved actions/services, where required. All expenditures related to staffing are included in LCAP. Staff whose responsibilities are directly related to specific goals of the LCAP are included within the descriptions of those actions/services. The district has completed the textbook adoption process for mathematics and is implementing the California State Standards. GGUSD continues to offer a strong, cohesive professional development program for teachers using the K-12 Effective Instruction Model as a foundation. GGUSD will continue to build a strong program of professional development for teachers to support strong instruction leading to increased student achievement. Ongoing professional development and coaching for teachers is based on district initiatives and priorities for instruction, including the work of the instruction offices. The Departments of Instruction continue to plan and deliver districtwide professional development for teachers and provide support at the school-site level. GGUSD worked with Key Data Systems to develop district benchmark exams aligned to the California State Standards in English Language Arts and Mathematics. In addition, Key Data Systems provided item banks for formative assessments. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	Within this revised 2015-16 LCAP template, GGUSD will separate actions/services for English learners, as Goal 1B focuses on Academic English (targeting English learners). In the previous LCAP, this goal was included together with Goal 1A (Academic Content), and further described in Section 2B of the 2014-15 LCAP template. The new Director of English Learner Programs is in the process of developing a multi-year plan ("EL Blueprint") for English Learners, which will guide the work of the district in the areas of identification, re-classification, ELD placement, professional development, ELD curriculum, and instruction for English learners. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	<p>The District is developing a scope and sequence for scholarly habits. A group of Teachers On Special Assignment (TOSAs) has been meeting with the Directors of the K-6 and 7-12 Instruction to develop a plan. The success of explicitly teaching scholarly habits in self-regulatory programs such as AVID has proven effective, and therefore some of those same strategies will be replicated for the planned K-12 scope and sequence for scholarly habits. The concept of developing scholarly habits for academic success has also been embedded within mentoring programs (as described in Goal 3A) and in parent events. The District continues to acquire additional technology and technology assistance based on site needs and site budgets. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.</p>

**LCAP Year: 2014-15**

Planned Actions/Services		Actual Actions/Services		Estimated Actual Annual Expenditures
		Budgeted Expenditures		
<b>Motivation:</b> Build practices that support student motivation in classrooms and schools.	Program Costs \$50,000 (LCFF) other costs to be determined	<b>Motivation:</b> One action that supported staff understanding of motivation, and specifically, the concept of growth mindset, was the coordination of a districtwide book study on the book, Mindset, by Carol Dweck. This action also relates to Goal 2C, action #2 "Training for all staff," or Goal 1A, action #5 "Professional development." District employees read the book, and discussed implications of mindset across job classification, in the service of serving students and for professional growth.	\$54,100 LCFF

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	Actions/Services to support Goal 2A are embedded in many of the programming and professional development activities organized by the district. The district will continue to support the work of Caring & Motivating Schools and Teacher Expectations and Student Achievement (TESA), and expand the trainings as requested by schools who determine this as an area of need. The district will also hire a new Director of Student Services, who will support the actions/services of Collaborative Services and Attendance. Departments will continue to work together to offer additional collaborative services for foster youth. Early indicators show that existing actions/services are effective and			

GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	The district hired an additional eight school counselors, restoring positions lost due to the fiscal crisis. Supplemental counselors support schools with additional needs. Additional school psychologists were also hired. Personnel will continue to be added to restore positions through a multi-year plan. Supplemental services are also a continued need, and schools have expressed interest in adding additional counseling/mental health services. For the 2015-16 LCAP, the actions/services related to "School Connectedness" were moved from Goal 2A to Goal 2B. In working with Stanford University in the development of our stakeholder surveys, the research based construct of "School Connectedness" was more clearly defined and identified as part of Goal 2B. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.			

Original GOAL from prior year LCAP:	<b>GOAL 2C. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	There is great interest in creating norms around anti-bullying programs across the school district. Schools are also being offered opportunities to receive further training for the Positive Behavior Intervention and Support (PBIS) framework for school climate and to improve positive behavior and personal growth. The Parent and Community Outreach Office continues to focus on all aspects of home-school-community partnerships. Training for classified staff are another continued area of interest. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	The district will continue to implement existing actions/services based on the needs of schools and our students. College/Career Readiness is an existing area of focus for all secondary schools. The district will continue to develop programming to support elementary schools and to make connections to this goal. Counselors began using CCGI resources to support the work of college/career units presented to students in grades 9-12. After reviewing the metrics for AP enrollment, the goal was revised to reflect a total percentage of test takers based on the 9-12 enrollment, rather than the number of test takers alone. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.

Original GOAL from prior year LCAP:	<b>GOAL 3B. COLLEGE &amp; CAREER SUCCESS:</b> College and career entrance and completion rates will improve annually. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		The district will continue to implement existing actions/services based on the needs of schools and our students. Student Tracker data has shown that college enrollment rates have been maintained districtwide. The district is examining potential for engaging and connecting to alumni. Early indicators show that existing actions/services are effective and GGUSD is making adequate progress toward goals. Therefore, GGUSD will continue to implement planned actions/services to maintain progress toward goals. Multi-year implementation plans will support student outcomes through a process of continuous improvement.		

**Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.**

**Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<b>\$71,004,687</b>
As of the 2014-15 second interim, the total amount of supplemental and concentration grant funds calculated for 2015-16 is <b>\$71,004,687</b> , based on the number and concentration of low income, foster youth and English learner pupils (unduplicated count). GGUSD has an unduplicated enrollment of <b>80.44%</b> based on a two-year modified average. Therefore the LCAP supplemental and concentration grant funding will be expended on a districtwide basis, as allowed for in 5 CCR 15496, and as described in the LCAP. However, funds are principally directed to support the needs of unduplicated pupils to provide increased/improved actions and services that would result in improved academic outcomes for these students. Actions and services described within the LCAP will support key areas to upgrade the entire educational program of the district and school sites. These key areas include: professional development/training of staff (i.e., teachers and other support staff), increases in support personnel, extended day and extended year programs, parent involvement/education programs, curricular materials necessary to implement the California State Standards, materials and supplies necessary to upgrade all content areas to support the California State Standards and college and career readiness goals, technology integration, programs that support school connectedness and the development of self-regulatory skills, and college/career readiness programs and services. These actions and services will support the goals for our unduplicated pupils in each of the state priorities. The majority of GGUSD schools also maintain an enrollment of unduplicated pupils which is greater than 40% of the school's total enrollment. At school sites where the enrollment of unduplicated pupil (e.g., low income, foster youth, and English learners) is less than 40% of the school's total enrollment, the school may still be allowed to expend funds on a schoolwide basis on actions and services principally directed at meeting the district's goals for unduplicated pupils in the state priority areas, as described within the GGUSD LCAP. For example, a school may expend funds for programs related to technology integration, extended day tutoring, or the AVID program to benefit all participating students, whether or not all participating students are identified as part of the unduplicated count. The district will annually review school plans related to projected expenditures of LCFF funds in order to verify alignment with district goals and LCAP. District-level and site-level actions and services are consistent with research on school improvement and targeted approaches for improving student achievement for unduplicated pupils.	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

21.04	%
-------	---

The minimum proportionality percentage (MPP) for the LCAP year 2015-16 has been calculated as **21.04%**. The actions and services for low income pupils, foster youth, and English learners will be increased or improved in proportion to this increase in funding, as represented by the MPP calculation. These increased/improved services can be described either quantitatively or qualitatively. To support the decision-making process, stakeholders suggested increased/improved actions and services based on the district's identified needs and goals of the Strategic Plan. Actions and services targeted to meet the needs of unduplicated pupils (i.e., low income, foster youth, and English learners) can be categorized in several key areas:

1. High-quality, effective instruction, including instructional strategies and curriculum materials to support unduplicated pupils.
2. Targeted intervention programs to meet the needs of unduplicated pupils (e.g., in-class interventions, afterschool tutoring programs, summer programs).
3. Focused professional development and ongoing coaching and support for teachers (related to needs of unduplicated pupils).
4. Additional instructional/classroom support personnel (e.g., instructional aides, bilingual aides).
5. Increased support services and programs (e.g., counseling programs, student services).
6. Parent education/engagement programs (for parents of unduplicated pupils).

## **LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

- (2) The total number of cohort members.
- (3) Divide (1) by (2).
- (e) "Suspension rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
  - (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
