School Description

Faylane Elementary School is one of nearly 70 schools in the Garden Grove Unified School District and serves students in grades K-6 from the cities of Garden Grove and Anaheim.

School Safety

Maintaining a safe and orderly environment is essential to learning. All schools in the district are closed campuses, and visitors must immediately register in the school office before entering the campus. School access is monitored by administrators, teachers and other school staff.

All schools operate employee safety committees and maintain comprehensive school safety plans that are reviewed and updated annually at the beginning of the school year. It was most recently updated and reviewed with school staff in September 2016. The safety plans include such elements as emergency plans and procedures, Department of Homeland Security alert precautions, school rules and school dress codes.

School safety committees, consisting of certificated and classified staff, meet to address safety issues for students and employees. Earthquake safety procedures are distributed to all students and parents at the beginning of the school year. Fire drills are conducted monthly at each elementary school, no fewer than four times per year at each intermediate school and at least twice a year at each high school. Drop drills are held quarterly at each elementary school and at least once each semester at intermediate and high schools. All schools conduct one lockdown exercise each year.

Public Internet Access

Individuals without home Internet access can use computers with Internet connections at public libraries within the Garden Grove Unified School District to download and view School Accountability Report Cards. Access to the Internet at libraries is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Professional Development

GGUSD's professional-development program centers on research-based effective instruction with embedded strategies to scaffold and differentiate for diverse learners. Teachers are supported in their implementation of effective instruction through extensive training and targeted in-class support. The use of student-achievement data also assists in providing clear goals and expectations for planning in-services for teachers and para-professionals.

Intensive workshops are conducted in late August and early September during the two weeks before school starts to provide teachers with new knowledge and enhanced skills for the upcoming school year, with an emphasis on the new math textbook adoption. Staff-development opportunities are also offered after school and by release time throughout the school year to provide in-class demonstrations as well as opportunities to understand the standards and curriculum for math content. While during the 2014-15 school year, at least five days before the school year and at least one day during the school year were dedicated to staff and professional development, we offered additional training days during the 2015-16 school year to support teachers through the implementation of new standards aligned curriculum in the area of math. Due to changes to the school calendar, only four days were able to be offered during the 2016-17 school year. Along with these in-service opportunities, one non-student day is set aside each year for staff development for all high school teachers in the district.

New teachers are provided an extensive new teacher training program. Classroom management, the district's base program, report cards, parent-teacher conferences and research-based strategy instruction are just a few of the subjects of training for new teachers.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Garden Grove Unified School District Mission Statement

To ensure student success, we will provide a rigorous and supportive academic experience that motivates all learners to meet high expectations.

Garden Grove Unified School District Vision Statement

We are committed to preparing all students to be successful and responsible citizens who contribute and thrive in a diverse society.

Enrollment by Student Group

The total enrollment at the school was 571 students for the 2015-16 school year. The pie chart displays the percentage of students enrolled in each group.

Enrollment by Grade

The bar graph displays the total number of students enrolled in each grade for the 2015-16 school year.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

School Leadership and School Personnel

Strong leadership is essential in a quality school and is provided at Faylane Elementary School by Lorrie Klevos, the principal, a professional educator for 25 years. She was appointed principal of Faylane Elementary School in 2002.

The school's leadership team is composed of the school principal and teachers. Among its responsibilities, the leadership team advises on academic and extracurricular programs.

In addition to administrators, teachers and classified staff, specially trained support personnel are also available to students. They include:

- School community liaison worker
- School testing assistant
- Community outreach specialist
- Vocal music teacher
- Instructional aides
- Instrumental music teacher
- Library media technician
- Psychologist
- Adapted P.E. teacher
- Resource specialist teacher
- Speech and language pathologist
- Nurse/health assistant
- Noon duty supervisors
- Technology assistant

Parental Involvement

There are many opportunities in the district for parental involvement through participation in parent support organizations, booster clubs, school site councils and district-level advisory committees.

The Faylane Parent Teacher Association is very active, sponsors monthly events and is always seeking to involve parent volunteers. Parents are also involved in School Site Council and the English Language Advisory Council. Many parent volunteers help in classrooms on a regular basis. There are also opportunities to participate in parent education, including the Ten Education Commandments, family literacy and 40 Developmental Assets.

For more information on how to become involved at the school, please contact Kyle Anderson, PTA president, at (714) 663-6253.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates for the most recent three-year period. Note: Students are only counted one time, regardless of the number of suspensions.

Federal Intervention Program

Schools and districts will not be newly identified for Program Improvement (PI) in the 2016-17 school year under the Every Student Succeeds Act (ESSA) that became law in December 2015, which reauthorized the Elementary and Secondary Education Act (ESEA). Schools and districts receiving Title I, Part A funding for the 2015-16 school year and were "In PI" in 2015-16 will retain their same PI status and placement year for 2016-17. Schools and districts receiving Title I, Part A funding for the 2015-16 school year and either had a status of "Not in PI" for the 2015-16 school year or did not receive Title I, Part A funding in the 2014-15 school year will have a status of "Not in PI" for the 2016-17 school year. The percentage of schools identified for Program Improvement is calculated by taking the number of schools currently in PI within the district and dividing it by the total number of Title I schools within the district.

This table displays the 2016-17 Program Improvement status for the school and district. For detailed information about PI identification, please visit www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2015-16 school year, the CAASPP consists of several key components, including:

California Alternate Assessment (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with significant cognitive disabilities which prevent them from taking the Smarter Balanced Assessments with universal tools, designated supports or accommodations.

Smarter Balanced Assessments include ELA/literacy in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts/Literacy and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in English language arts and mathematics for the school by student groups for grades 3-6.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Textbooks and Instructional Materials

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual/performing arts and science have been adopted from those approved by the State Board of Education. The Garden Grove Unified School District Board of Education has adopted district 9-12 textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks following the state adoption schedule. Health will be adopted at the K-6 level when the state standards have been adopted by the State Board of Education.

All GGUSD students, including all English learners, have textbooks and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks and instructional materials are provided in sufficient quantities for each student for use in class and to take home.

School Programs

The district receives additional funds for a number of special services and programs. Among the special programs offered at the school are the following:

- Programs for English Language Learners:
 - ▶ Economic Impact Aid/Limited English Proficient
 - ▶ English Language Acquisition Programs
- Extended Day and Year Programs:
 - ▶ After School Intervention Classes
 - ▶ After School English Language Development Classes
- Economic Impact Aid/State Compensatory Education

School Facility Good Repair Status

The table summarizes the findings of the most recent inspection of the school to determine the condition of the grounds, buildings, and restrooms. A form known as the Facilities Inspection Tool (FIT) is used to document whether the inspection elements listed in the table below are determined to be in "good repair" at the school. Additional information about the condition of the school's facilities may be obtained by speaking with the principal.

School Facilities

GGUSD continues to pride itself on maintaining quality facilities to provide a safe learning and working environment for its students and staff. School custodial and district maintenance staff conduct frequent inspections to ensure that all sites are clean, safe, well maintained and in good repair. Mobile cleaning teams have been used to provide in-depth cleaning-assistance services. The Maintenance Department is in the process of establishing preventative maintenance programs that ensure all schools are maintained at an efficient operating level. All classrooms, playground areas and working space for students and staff satisfy building capacity requirements of the Education Code.

The Board of Education has adopted a five-year maintenance program for the improvement of school sites, and major site-improvement projects are approved annually as needed. Graffiti-removal personnel help to keep schools free from graffiti.

The Garden Grove Unified School District has always emphasized the importance of a clean, safe environment for learning and working. The environment of each campus is a matter of pride for students, staff and parents. To ensure that our facilities are in good repair condition, custodians at each site perform monthly inspections, and the district maintenance crews attempt to complete their work orders in a timely manner. Several schools have planted individual gardens, allowed sponsored projects by both the PTA and the Eagle Scout program with the Boys Scouts of America, to enhance our campuses throughout the district.

Faylane Elementary School was built in 1956. The school has 20 permanent classrooms and six portable classrooms in use on the campus. The school also has a library, kindergarten lab, multipurpose room and staff lounge. Faylane Elementary School was modernized during the 2016-17 school year. In addition to improvements to the infrastructure, air-conditioning was installed in all buildings. There was also the addition of improved lighting, new concrete and landscaping, and new windows and safety doors and gates. All floors were replaced, bathrooms were gutted and rebuilt, and all interior and exterior surfaces were painted. The fencing surrounding the kindergarten playground was replaced, and new fencing and gates were installed in several areas. The campus is Americans with Disabilities Act (ADA) compliant, with improvements to parking and campus access.

In June 2010, GGUSD voters approved Measure A, authorizing \$250 million in general obligation bonds and enabling the district to qualify for as much as \$200 million in matching state school bond funds for large-scale infrastructure repair, improvement and modernization projects. As an added funding bonus, \$47 million in supplemental school-improvement grants were secured, increasing the total projected Measure A budget to \$503 million over the seven to eight years required for the completion of all bond-financed projects.

Bond proceeds, combined with state matching funds, are financing such wide-ranging school improvements as renovating electrical circuitry, plumbing, lighting, roofing, intercom and fire-safety systems; improving energy efficiency; replacing doors, windows, and outdated heating and ventilation systems; updating playground safety matting; upgrading telecommunications systems to accommodate current technology; replacing restroom plumbing, tile, and fixtures; retrofitting schools for better accessibility for the disabled; burying new underground conduits for technology growth; installing new classroom carpeting; repainting school interiors and exteriors; and new underground natural gas piping.

School Facilities

Continued from left

Modernization currently has 54 schools completed, seven underway and four remaining. Throughout the district, modernization projects are on-time and on budget. Using one-time funds over the summer air-conditioning was added to four elementary schools. With existing one-time funds, air-conditioning is included in the projects currently underway at two elementary schools and five intermediate schools. At the completion of modernization 25 elementary schools require air-conditioning. The modernization budget for these 25 schools include adding the architectural preparation component of air-conditioning work to move them closer to having A/C.

We appreciate your patience as we work to ensure that all of our schools remain successful and comfortable places to learn and work.

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.
