## GOAL 1 Data Review

As you review your Goal 1 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	<p>Solid growth was achieved for ELA SBAC Assessments as well as district Benchmarks. Clinton students also reported growth in Self management and Scholarly Habits.</p>
<p>Which prior year action steps have contributed to these areas of strength?</p>	<p>Trainings through district and school site in the areas of ELA, integration of Google Classroom, and Character Traits have had a positive effect. In addition, the implementation of a school wide reading incentive helped instill a joy of reading for the students.</p>
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	<p>The data clearly shows the need to address math instruction as well as reclassification for ELL students.</p>
<p>How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)</p>	<p>Teacher trainings for engagement strategies for Math instruction as well as the implementation of the ST Math intervention software through before and after school interventions. Intervention teacher will also be used to assist with students who are struggling with math. TOSA will be offered to assist with math instruction to all grade levels.</p>
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	<p>Although solid growth has been made, a greater emphasis needs to be placed on math instruction and reclassification of ELL students.</p>

## Goal Two | PERSONAL SKILLS

## GOAL 2 Data Review

As you review your Goal 2 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	Clinton showed improvements with Growth Mindset, Self-efficacy, and self expectations. In addition, growth was also noted in the area of school connectedness.
Which prior year action steps have contributed to these areas of strength?	Teachers have now been fully trained on the impact of Character Traits that lead to success and they implement them into their lessons. In addition, resources were also spent on increasing counseling opportunities for needed students at school and through other agencies that can offer home services if needed.
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	Bullying was the main area of need, as well as emotional care.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Funding was provided to provide assemblies for bullying prevention and we will continue to provide funding for onsite counseling through Mariposa to address the emotional care of our students. Additionally, we will provide training for our community liaisons to work with the Family Resource center to help with counseling referrals and to address student needs via parent education trainings.
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	The implementation of our Character Traits program is starting to show positive results across the board. However, greater emphasis needs to be placed on bullying prevention

## GOAL 3 Data Review

As you review your Goal 3 data, consider your school's performance relative to the districtwide averages and previous year performance. These may require reviewing data from previous years or accessing additional data. Respond to the following key questions:

Key Questions	Analysis
<p><b>Highlight Strengths:</b> Which data reflected strengths for your school?</p>	Students that complete A-G requirements are continually rising, along with AP exam scores.
Which prior year action steps have contributed to these areas of strength?	Greater involvement among the 6th grade teachers with pushing the benefits of AVID as well as an increase in our school wide character strength program.
<p><b>Highlight Areas for Growth:</b> Which data reflected areas of growth needed for your school?</p>	AP testing is something that remains flat and is also something that can be discussed more with upper grade students and through Parent education classes.
How will these areas for growth be addressed in your action steps and supported by your school's budgeted expenditures? (new or refined programs, strategies, activities, etc.)	Parent Education will look to cover the topics of A-G as well as the benefits of AVID.
<p><b>Other Key Findings:</b> What does your overall data show regarding progress towards goals?</p>	It appears as if our students are greatly improving their chances to enter college immediately after High School.

**School Plan for Student Achievement Annual Evaluation**

Pursuant to California Education Code Section 64001(g), the School Site Council (SSC) must evaluate at least annually the effectiveness of planned activities. In the cycle of continuous improvement of student performance, evaluation of the results of goals will provide data to inform and guide subsequent plans. The school must be able to provide evidence of the evaluation process to determine if the needs of students are being met by the strategies described in the SPSA.

Section	Annual Evaluation Summary Description Use the guiding questions above and provide a summary response for each area of evaluation.
<b>Plan Priorities</b>	The current plan identified the need to improve our early intervention for struggling readers in grades K-3 and the need to provide greater before and after school interventions to assist students with their ELA and Math foundational skills. To meet these two priorities, the SSC agreed to fund the cost of an Intervention Teacher, Kinder Aides for each Kinder class, and to pay teachers extra duty to perform the after and before school interventions.
<b>Plan Implementation</b>	As a result of the plan, we were able to fully fund the teacher and kinder aides throughout the year with no delays. In addition, we were also able to immediately implement the before and after school interventions without delays or barriers.
<b>Strategies and Activities</b>	The students who were able to participate with the Intervention teacher showed an increase in their reading ability as measured by the DIBELS testing protocols. In addition, our kinder students also showed a benefit from the aides in terms of effective classroom discipline which helped with growth on DIBELS and foundational Math skills as measured by curricular based assessments. Preliminary SBAC results also indicate that student intervention was partially responsible for growth in students moving from not meeting standards to partially meeting standards. Since we were effective with each area, we will continue to pursue funding for kinder aides and after/before school interventions. We will also pursue the use of the Intervention Teacher if possible.
<b>Involvement/ Governance</b>	The SSC meets 3 times a year and reviews the progress of the SPSA. In addition, ELAC and teachers are informed of progress at scheduled meetings throughout the year as well. The SSC and teachers have provided feedback that we do a good job of discussing the needs and progress of our students through regular meetings throughout the year and a Back To School Meeting schedule that requires all parents to meet with the Principal to discuss school and student progress in the MPR prior to visiting the classrooms.
<b>Outcomes</b>	We are happy to report that we met several of our goals in the areas of ELA . However, it was discussed that we can improve in Math as well as in the students responses to bullying. In order to remedy this, we agreed to purchase additional software for ST Math that will help students with their math fluency skills and to start the process of funding training for PBIS.

## School Parental Involvement Policy: 2018-19

### **Involvement of Parents in the Title I Program & Building Capacity for Involvement**

Our school engages parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. The state identified twelve requirements, which have been organized into six categories based on the framework of six types of parental involvement: parenting, communicating, volunteering, learning at home, decision making, and collaborating with the community. To help reach these goals, and involve parents in the Title I program at our school, the following practices have been established:

#### **PARENTING: Help all families establish home environments to support children as students.**

- 1. Our school convenes an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program. Our school provides parents of Title I students with timely information about Title I programs.**
- 2. Our school offers a flexible number of meetings for Title I parents, such as meetings in the morning or evening, including multiple opportunities for parent education programs.**

The school provides parents with information about the school's participation in and the requirements of programs such as, Title I, English Learners (EL), Special Education, Gifted and Talented Education, and the LEA plan. The school organizes opportunities for parents to be involved throughout the school year. Information regarding the school's programs and their rights to be involved will be distributed to parents at the beginning of the school year. The school will schedule ongoing parent meetings to disseminate information regarding Title I and other school programs.

Parent meetings are communicated via school messenger, electronic messaging, and/or letters home in the Tuesday folder. Parent meetings were held on 9/14/17, 9/18/17, 10/18/17, 11/2/18, 2/1/18, 3/13/18, 4/12/18, 4/26/18

#### **COMMUNICATING: Design effective forms of school-to-home and home-to-school communications about school programs and children's progress.**

- 3. Our school distributes information related to school and parent programs, meetings, and other activities to Title I parents in a format and language that the parents understand.**
- 4. ACCESSIBILITY: The school provides opportunities for the participation of all Title I parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students. Information and school reports are provided in a format and language that parents understand.**
- 5. Our school has developed a written Title I parental involvement policy with input from Title I parents. It has distributed the policy to parents of Title I students. The policy describes the means for carrying out Title I parental involvement requirements [20 USC 6318 Section 1118(a)-(f) inclusive].**

Parents, including parents with limited English proficiency, parents with disabilities, and parents of migratory students, identify their home language and preferred correspondence language during school registration. For language needs exceeding 15% of the school population, information will be made available in those languages. All

notices, flyers, newsletters, etc., are translated by either school staff or the translators at the ARC. School community liaisons are available to provide interpretation for parent meetings, parent conferences, and other activities at the school site.

Clinton developed the policy via input gathered at ELAC,SSC, Parent meetings, Back to School Nights, and parent surveys. The policy is included in back to school information packets and available in the office.

### **VOLUNTEERING: Recruit and organize parent help and support.**

**6. Our school provides support for parental involvement activities requested by Title I parents.**

**7. With the assistance of Title I parents, the school educates staff members about the value of parent contributions, and in how to work with parents as equal partners.**

Parents will be provided with information on how to become involved in school or district parent governance committees, parent organizations, parent education groups, or other parent volunteer opportunities.

Staff facilitates parent education programs in 10 Commandments and PESA. Staff is kept informed and educated on the need for parent involvement at staff meetings.

### **LEARNING AT HOME: Provide information and ideas to families about how to help students at home with homework and other curriculum-related activities, decisions, and planning.**

**8. Our school provides parents of Title I students with an explanation of the curriculum used at the school, the assessments used to measure student progress, and the proficiency levels students are expected to meet.**

**9. Our school provides Title I parents with assistance in understanding the State's academic content standards, assessments, and how to monitor and improve the achievement of their children. Our school provides parents with materials and training to help them work with their children to improve their children's achievement.**

Teachers explain the curriculum and assessments used to measure student progress at Back-To-School Night and parent-teacher conferences. The principal will share additional information with parents during other parent meetings.

Parents can receive information via ELA and Pastries with the Principal meeting as well as parent nights and GRIP Parent Presentations

### **DECISION MAKING: Include parents in school decisions, developing parent leaders and representatives.**

**10. If requested by parents of Title I students, the school provides opportunities for regular meetings that allow the parents to participate in decisions relating to the education of their children.**

**11. Our school involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of the school's Title I programs and the Title I parental involvement policy.**

The review of the School Parental Involvement Policy is included as part of the annual review of the School Plan for Student Achievement (SPSA). The policy is updated periodically to meet changing needs of parents and the school. The school has a process in place for involving parents in planning and designing the school's programs, the school may use that process if it includes adequate representation of parents of Title I children [20 USC 6318 Section 1118(c)(3)]. The district provides a timeline for requirements related to Title I, parent involvement, SSC and ELAC topics to be discussed, as well as the process of reviewing and developing the SPSA, including this parental involvement policy.

Clinton holds SSC elections at the start of the year and all parents are encouraged to apply or at least attend regular ELAC and Pastries with the Principal meetings.

**COLLABORATING WITH THE COMMUNITY: Identify and integrate resources and services from the community to strengthen school programs, family practices, and student learning and development.**

**12. Our school coordinates and integrates the Title I parental involvement program with other programs, and conducts other activities, such as parent resource centers, to encourage and support parents in more fully participating in the education of their children.**

The District's Parent and Community Outreach Department provides guidance, support, and training to parents, teachers, administrators, and support staff. The activities of the Parent and Community Outreach include:

- Providing professional development opportunities in parent education programs
- Serving as a link to parent and community resources
- Developing and encouraging high-quality parent programs and parental involvement opportunities at school sites
- Coordinating parent education and community outreach meetings

Our school has designated staff and/or school-community liaisons that provide outreach to families, serve as a resources for parents, and collaborate with the community to support parents and families. The district and school have partnerships with community agencies to offer afterschool programs, counseling and mental health services, health and safety programs, and tutoring programs that serve to support student learning and development.

**SCHOOL-PARENT COMPACT**

Our school distributes to parents of Title I students a school-parent compact. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

- The school's responsibility to provide high-quality curriculum and instruction
- The ways parents will be responsible for supporting their children's learning
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe classroom activities

#### SECTION E: ESTABLISHMENT OF THE ENGLISH LEARNER ADVISORY COMMITTEE (ELAC)

**\*RECORDS MUST BE RETAINED FOR 3 YEARS**

Each school with 21 or more English learners (EL) in attendance, regardless of language, must form a functioning English Learner Advisory Committee (ELAC) or subcommittee of an existing advisory committee. Education Code (EC) 62002.5 establishes the regulations that govern the ELAC.

<b>Composition of English Learner Advisory Committee</b>	<b>Describe each of the following steps in the establishment of the English Learner Advisory Committee (Education Code Section 62002.5).</b>
<p><b>COMPOSITION REQUIREMENTS</b></p> <p>The percentage of parents of English learners on the committee must be the same or greater than the percentage of English learners at the school. There is no guidance that dictates the size of the committee, but should be of adequate size to fairly represent the population of English learners attending the school.</p>	<p><b>a. Voting Process by parents of English learners:</b> An election is held in which all parents of English learners have an opportunity to vote and in which the parents or guardians of English learners elect the members of the committee. The peer selection process may include:</p> <ol style="list-style-type: none"><li>1. <b>Ballot By Mail:</b> In the letter, we include a form for self-nomination. After all the nominations have been received, a ballot is sent home with each English learner for parents to vote. Parents from last year's ELAC handle this process and count the ballots.</li><li>2. <b>Voice Vote:</b> In the letter, we encourage all parents and school personnel to attend a meeting where information about ELAC will be provided and elections will be held at the school site. At this meeting, nominations are taken from the floor for ELAC membership and would be elected at that time by voice vote of parents and guardians of English learners. The required percentage of parents of English learners depends on the number of English learners at your school.</li><li>3. <b>Back To School Night Election:</b> In the letter, we include a form for self-nomination. After all the nominations have been received, parents and school personnel are informed that the election will be held prior to Back To School Night, stating the date and time. Ballots are prepared and a voting station set up for parents and guardians of English learners to vote. Parents from last year's ELAC count the ballots.</li></ol> <p><b>b. Members' terms of office:</b> Members will serve one- or two-year terms.</p> <p><b>c. Procedure for replacing a member:</b></p> <p>The procedure for replacing a member shall be pre-determined. Recommended procedures include:</p> <ol style="list-style-type: none"><li>1. Mid-year elections may be held.</li><li>2. Members are replaced using a peer selection process.</li><li>3. Volunteers may be asked to complete the year, a replacement will be appointed, and elections will be held in October of the following school year.</li></ol>
