

GARDEN GROVE UNIFIED SCHOOL DISTRICT STRATEGIC PLAN

Garden Grove Unified School District is proud of its enduring record of academic excellence. Winner of the Broad Prize for Excellence in Education, Garden Grove Unified School District is leading the way among large California districts with an API of 820 and a record number of students meeting college entrance requirements - well above the Orange County average! The secret to the success of our award-winning schools is that we treat all students as if they are our own children, always putting their needs first. Our deep commitment to our students is expressed in the new **Strategic Plan** that was developed interactively with students, parents and staff. In the year to come, we will be sharing more specifics about the Strategic Plan as well as the outstanding achievements of our amazing students and schools.

Equipping students for lifelong success: that's the Garden Grove Way!

GGUSD IS COMMITTED TO SUCCESS

We take seriously our commitment to our students and community. Every year, all students, parents and employees will be invited to provide their feedback via an annual survey. The survey results, combined with other data on how well we are progressing on each of our goals, will be distributed to all stakeholders in an annual district progress report.
