5. PROGRAMS AND INSTRUCTION

Agenda Item 5 – A: Assembly, Field, and Resident Outdoor Science Programs  
Sponsored by the OCDE and other District-Approved  
Organizations

The Orange County Department of Education (OCDE) and other district-approved organizations sponsor assembly and field programs and Outdoor Science School camp experiences for elementary school students on varying dates throughout the school year.

The assembly programs offer age-appropriate assembly presentations. Participation fees will be paid by categorical funds, grants, and/or by parent groups.

The field trip programs offered are one and two-day trips to local venues. Participation fees and transportation costs will be paid by categorical funds, grants, and/or parent groups.

The Outdoor Science School programs offer three, four, or five-day camp experiences for sixth grade students. Camp fees and transportation costs will be paid by parent and/or parent group donations, sponsorships, and fund-raising.

Although there is no direct cost to the district general fund, the OCDE and other district-approved organizations require approval by the district Board of Education to enter into a contract. This carries with it the agreement to guarantee payment of the student fees. The administration and parents of the participating schools have designed plans to confirm prepayment which would relieve the district of that liability. Specific guidelines for the handling of fund-raising projects and the limitations of use of school time for this project have been agreed upon by parents and staff. Funds will be available for students with financial need.

It is recommended that the Board approve participation by various district elementary schools in Assembly, Field, and Resident Outdoor Science School programs sponsored by OCDE and other district-approved organizations.

On motion of Trustee \_\_\_\_\_, seconded by Trustee \_\_\_\_\_,  
and \_\_\_\_\_, the Board of Education  
approved participation by various district elementary schools in Assembly, Field, and

approved organizations.

Agenda Item 6 – B: Resolution No. 10 – Lease/Lease-Back – Four Schools

Education Code Section 17406 authorizes the governing board of a school district, without advertising for bids, to lease district owned property to any person, firm or corporation for a minimum of \$1 per year as long as the instrument by which such property is let requires the other party to construct (or provide for the construction of) a building, buildings, or improvements upon the subject property, and the title to the subject property (including building or improvements) vests in the school district at the expiration of the lease. The district leases the property (or sections of the property) to a contractor/developer, who builds or improves the property and receives lease payments from the district until the school improvements are paid off (Lease/Lease-Back process or LLB).

A resolution is required by the governing board to authorize a series of inter-related agreements which will allow the execution and delivery of site leases, subleases and construction services agreements, and other acts related to the construction/improvements at Brookhurst, Enders, Simmons, and Wakeham elementary schools. The construction will include improvements to the school (phase-in classroom rotation) which will take place during 2012-13 (four schools), and a portion of 2013-14 (Enders – summer 2013 utility project).

Plans and specifications have been approved by the California Division of State Architects for each project. The district requested proposals and qualifications from interested builders and contractors for the improvements, and recommends the accompanying list.

The district was notified that eleven (11) elementary schools are eligible in 2012-13: Bryant, Eisenhower, Hazard, Heritage, Newhope, Rosita, Russell, Skylark, Simmons, Violette, and Woodbury elementary schools. The grant award for eleven schools is \$347,547.
